January—March 2021

Dear Praying Friends,
can you believe how this year is moving along! Our Christmas community outreach went so well. **Over 200 in attendance and a majority of the people were Hindu.** We praise the Lord for such an opportunity to share the Gospel with people in our community who may have never heard the Good News before.

At the beginning of the year, we were told by the government that we were not allowed to start school until late January. That set the students back 2 weeks, but allowed me and my staff to become more prepared for the school year. Some families were afraid to return to school and others even lost family members to Covid, but by the end of the semester, all of the students were in attendance.

Friends, there are a handful of the children that I invest in every day who have some **big trials** happening in their life—divorce, families grieving and backsliding, poverty, sickness, death,... Please pray for these precious little ones and for us as we minister to their families.

I know you pray for the students and their families often. Just the other day, I was able to go through the entire plan of salvation with one of our students. **Job** did not accept Christ that day, but the Gospel seed was planted. We hope that he will soon accept Christ as his personal Saviour.

Zambia is one of the countries that rank high for Covid currently. Our mothers of children 3 and under must stay home for now. We have been visiting them and keeping in touch by phone. We long for the day that they can return to our services. Other than this group of people, most of our members have returned back to church. The pews and Sunday School classes are filling up, we have had salvations, discipleship and baptisms. Our visitation is well attended and our Wednesday night prayer meetings are growing. **We praise the Lord that our church continues to grow.**

Over the last few months, my Sunday School girls have been studying the Armor of God. Most of my class have memorized Ephesians 6:10-24. What a delight these girls are to me! They challenge my walk with the Lord, as I teach them in their personal walk. Recently, one of the girls has been struggling with lying and deceit (which in the Zambian culture is not considered a sin, unless you are caught). I was able to take her to the Armor of God passage and we spoke about how Satan has access to the deceitfulness of your heart, when you do not have on the breastplate of righteousness. I pray that she will see her sin as God sees it and not be fooled by the cultural acceptance of it.

There is so much to share, but little space to share it. **Just a reminder that I am in the States on furlough from now until the end of August.** If you would like me to come to your church to share what the Lord is doing in Zambia, please don't hesitate to send me an email - gfafricabound@gmail.com or to phone me at—717-332-1590. Thank you again for all of your faithful prayers and support!

In His Service,
 Gina A. Frey
